

**George Warren, b 1944**

Family history of going hopping (hop picking). First went aged 19 with three friends to Bracklesham Bay near Bognor. "Chasing ladies". Place where you could get away from family and meet opposite sex. Lots of other young people. Ended up meeting wife there. Got married and not enough money for holiday camps. Later on, went to Caister with mum and dad and kids, later went with Debbie's family - dockers. Saw Jimmy Tarbuck. He has loads of photos and poems he has written - talent contest - won! Lots of stories. Got poems and photos to share.
